BUILDING A PLATFORM HAS NEVER BEEN EASIER.

It’s not about being picked by a gatekeeper, investing thousands of dollars in consultants, or understanding complex technology. That may have been the ticket five years ago, but not today. Social media technologies have changed everything. Now, for the first time in history, non-celebrities—people like you—can get noticed and win big in an increasingly noisy world.

Michael Hyatt did it. From a social media following of zero, he has built his platform to become one of the largest in the world, as a popular blogger and highly sought-after speaker. In *Platform* Hyatt has gathered his goldmine of experiences into this concise manual on building an enthusiastic audience. Step by step. Proving that while social media may be increasingly complex, advice on how to navigate it doesn’t have to be.

“I’ve known Michael Hyatt for more than a decade, and during that time I’ve seen him master just about every social media platform that’s hit the scene. He’s used blogging, Facebook, Twitter, and more to expand his personal platform from a successful book publisher to a leading national brand of his own. Trust me, this guy knows what he’s talking about—so pay attention!”

—**DAVE RAMSEY** Host of *The Dave Ramsey Show*
New York Times best-selling author

“If you’d like to expand your influence, read *Platform* and then read it again.”

—**DONALD MILLER** Best-selling author of *Blue Like Jazz*

“*Platform* is absolutely essential to delivering value. As a big fan of Michael Hyatt, I’m excited he’s sharing this with you. Your job? Learn about this and implement it. Your success depends on it.”

—**CHRIS BROGAN** President, Human Business Works

ISN'T A GREAT PRODUCT ENOUGH? SHOULDN'T IT BE ABLE TO STAND ON ITS OWN?

When there were three TV channels and two kinds of toothpaste, quality alone could sell itself. But in a global economy crowded with millions of competitors, quality is just the beginning.

The real challenge is getting the attention of those who might buy your product or service. Two little words have combined to make this easier, less expensive, and more possible than ever: social media. Websites, blogs, apps, and social networks—used in concert and with savvy—can connect you with a global audience. No gatekeepers. No massive fees.

Michael Hyatt knows from experience. An author, agent, and publisher for more than thirty years, he has spent the past eight years creating an online following that numbers in the hundreds of thousands—all while leading the largest inspirational publisher in the world.

But a flashy website is not a platform. A Facebook page joins millions just like it. Creating an effective platform is the key to success, but it is not simple. In *Platform*, Hyatt condenses his expert knowledge into step-by-step plans for building your own virtual stage, including:

- Proven strategies
- Easy-to-follow formulas
- Practical guidance

You don’t need a separate book to explain each application, each decision. You just need one book that distills it all into clear, proven paths. You just need *Platform*.
